Permissive Change Letter

December 13, 2012

American Certification Body, Inc.
6731 Whittier Avenue
Suite C110
McLean, VA 22101

To Whom It May Concern:

Comtech Mobile Datacom Corporation (CMDC) is applying for a permissive change for the FCC ID: UQR-CMDCSTM3 granted on 12/01/2010) and the IC id is 8863A-CMDCSTM3. Attached are the schematic changes (also listed below); and the referenced bill of materials (BOM).

SCHEMATIC CHANGES

- R20 was changed from 1.5K to 2.7K
- R37 value was changed from 37.4 ohms to 68 ohms
- R24 was changed from 62K to 130K
- R25 was changed from 49.9K to 47K
- U13 Part was replaced from Texas Instruments 74HCG04GW to Texas Instruments Part# SN74AUP1T17DCKR
- More Grounding points were added to the Shield that encloses the unit.

These changes listed above marginally affected the device, overall. There are no other differences between this modified device and the original device, FCC ID: UQR-CMDCSTM3.

Sincerely,

A handwritten signature in black ink, appearing to read "Greg Handermann", is written over a horizontal line.
